## DISCUSSION

1. *Tree outside that was previously planted for busdrivers is no longer alive.*
2. *EICS wanted to do their own independent Young Authors conference this year and unfortunately it didn't end up happening. Discussed using the writer in residence through the public library. Wondering if they can extend programs like that (authors, art, etc) possibly through the book mobile or to classes.*
3. *Call out for any needs from FWW to parents (stuffy's, figets etc)*
4. *Water tank - are the watering basins for the plants going to be in the way of the construction on the water tanks? Do they need to be moved? TO BE DETERMINED (Melissa and Pam)*
5. *Brian Kutcher was said to have made the bench. Can we confirm before putting the plaque on?*
6. *Call out for flower watering. (Task Genius) (Meghan)*
7. *PA positions call out to be in June Smore. (Meghan)*

*Farewells to Erin Crawley and Brenda Ferguson on all their hard work over their years in the St.Luke School Community as they move on to new journeys.*
